

Michele Cardamone Photography Offering for Digital Files

Michele Cardamone Photography is a full-service professional photography studio specializing in creating beautiful image portraits and high quality printed wall art. It is my philosophy that it is the printed image that will stand the test of time and, therefore, my studio uses professional standards for maximum longevity of my printed art. The labs and publishing services that I use are far superior to most of the mainstream printing options that exist.

Since any reproduction (scanning or photographing) of copyrighted printed art is a violation of federal copyright laws, Michele Cardamone Photography offers digital files in the following circumstances.

Social Media Use of Digital Files:

Michele Cardamone Photography recognizes the desire of clients to share their portraits via social media and my studio is happy to provide this service to my valued customers. The studio will provide complimentary digital files(s) for social media at a size of 1024X768 specifically for social media, or holiday cards, upon request.

Social Media Files are licensed under the following terms:

- Michele Cardamone Photography retains the copyright to all images
- Files provided will be a maximum of a long edge of 1024 pixels, Jpeg format
- No print rights are included as printing will produce inferior results
- Images will contain embedded metadata with © and license information

High Resolution Digital Files with Printing/Reproduction Rights:

In some cases, client's may desire to own high-resolution digital files licensed for non-commercial use. These files are licensed with printing rights for those who wish to create their own printed products, create digital slideshows, design invitations or announcements and maintain the files for archival purposes.

High –Resolution Files are licensed under the following terms:
